

## We need your help!

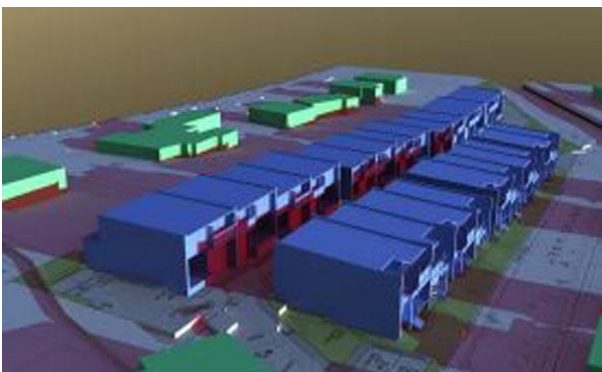

The South Hobart Progress Association Inc. (SHPA) has lodged an appeal on behalf of the South Hobart community against a massive new residential development planned for the Old Tannery site, Wynyard Street. Approval for this development was granted under the new Hobart Interim Planning Scheme 2015, soon to become the state-wide Tasmanian Planning Scheme.

**“This time it is South Hobart. Next time it maybe your street or suburb. If we help each other, we can succeed!”**

The development will destroy local character and amenity, remove on-street parking in Wynyard and Macquarie Streets and create more traffic chaos in Macquarie Street. Local businesses will suffer if parking is removed.

We need to take a stand or lose all that makes South Hobart a special place to live.

Help us to fight for a fair go for everyone. We need your help to raise \$20,000 to pay for legal fees.
